

Captain's Mug Meeting Minutes, September 21, 2019

The Captain's Mug was held at the Harmony Museum from 5 to 9 PM. Members enjoyed a soup and chili pot-luck dinner after the meeting.

Fleet Captain, Scott Mullins, opened the meeting and discussed the following:

- The club website is up and running. Contact Scott if you need a password.
- Club relations with the park management are good. All required park paper work submitted and accepted.
- Disappointment with lack of water and restroom facilities for the second year in a row. The repairs are in work but there is no announced completion date¹. Better communication from the park on the issue would be appreciated. E-mails from the park to the marina tenants on the status of the problem is desired.
- Thanks to members who participated in the first pre-season volunteer marina work day. A good number of LASC members participated. There were comments that the park could have better organized it.
- Mike Krivjanik is making new replacement doors for the marina showers.
- Will need to remove the sink faucet at the end of the season due to vandalism over the past 2 winters.
- The docks need waterproofing treatment to prevent their deterioration.

Chuck Pease presented the Treasurer's report. A copy of the report is attached to these minutes. LASC stickers were presented/sold at the meeting for \$1.00.
